

Update from North Byron Beach Resort and Elements of Byron

17 November 2016

Dear Neighbours

Please find below an update.

Neighbours Card

We are very happy that many of our neighbours have signed up to receive their Elements of Byron Neighbours Card. We have now extended this offer to 20 December 2017. All residents of Sunrise Beach and the Byron Arts Estate are eligible to receive a card, which entitles them to a 15% discount on breakfast, lunch and dinner at Graze Restaurant and Lounge (excluding alcohol) and spa treatments at Osprey Spa (excluding the purchase of products) Monday to Thursday. Presentation of one card will cover a visit of up to four people. All you need to do is take relevant photo ID showing your residential address to reception to receive your Neighbours Card.

Fire Pit Fridays

Thanks to those of you who have come along to our Fire Pit Friday gatherings, 5:00 – 7:00pm weekly. There are complimentary nibbles from our Chefs and \$1 oysters freshly shucked to order.

Byron Bay Railroad Company Train

Please see separate flyer regarding the train.

Planning Matters

We provided some information in our May newsletter regarding the development application for the Eco Interpretive Centre, located on the western side of Bayshore Drive. This DA has now been lodged.

A facility for use by schools, environment groups and resort guests, the Centre will incorporate 500m² of market gardens to provide food for Graze Restaurant & Lounge. It will be solar powered and harvest its own rainwater.

We will be working with a number of local and national organisations who will assist with the delivery of the eco-interpretive concept, providing both support and activities from the Centre.

Please visit www.northbyronbeachresort.com.au and go to our Development Applications page to view or download the DA.

News from The Sun Bistro
