Subject: Byron Bay Solar Train website is live!

Dear Community Member

It's full sun ahead – the Byron Bay Train will be solar powered from the get-go and the new Byron Bay Train website is now live:

<http://byronbaytrain.com.au>

Please take some time to view the website and become informed. Unfortunately there is still much misinformation being circulated regarding the service. And please come back to us with any questions or feedback. We value your input.

We have opened applications for our train driver and passenger attendant positions, both casual and volunteer. Information can be found at <http://byronbaytrain.com.au/jobs/>

We will no longer provide printed letterbox drops as updates regarding the train. We will keep you informed via the website and these emails. So if you know anybody who is interested in the train service please encourage them to sign up by emailing us at enquiries@byronbaytrain.com.au or by calling us on 6685 6561.

Thank you.

Byron Bay Railroad Company
